GERMAN AMBASSADOR
LEAVES LONDON REGRETFULLY

London, Aug. 6.—The German ambassador Prince Charles Max Lichnowsky with the princess and his suite, left London today by special train for Harwich, en route to the continent. A large crowd was assembled at the railway station but there was no demonstration.

The German ambassador and his wife stood on the steps of the embassy and saw off the embassy staff and a number of privileged Germans who had been given special permission to accompany them safely on seven waiting omnibuses before they set. They themselves were the last to quit the embassy building.

Prince Lichnowsky, who is known to have felt deep chagrin at the turn of events, looked a broken man as he stood for a few moments on the doorway and gave a last look around. Half an hour before his departure, Princess Lichnowsky, ached and unaccompanied except by her maid-servant, went for a stroll in the neighborhood of St. James park.

NEUTRALITY WILL BE ENFORCED BY WARSHIPS

Secretary Daniels Ordering Naval Vessels from Tampico and Vera Cruz to Maintain Country's Stand.

Washington, Aug. 6.—Merchant ships bound fitting out for war in this country will be paid. This announcement was made today by Secretary Daniels who said a close watch would be kept on all ships of the warring nations in order to prevent violations of neutrality.

We protect the neutrality of American ports and prohibit shipments of munitions of war. Secretary Daniels today ordered the battleship Florida to watch the port of New York, the Mayflower to proceed to Hampton Roads, a number of destroyers to various ports along the New England coast and those at Lewes, Del., to prevent violations of neutrality at Philadelphia or in that territory.

Any vessel attempting to sail for belligerent ports without clearance papers will be boarded by American officials.

The Texas and Louisiana at Vera Cruz and the Minnesota at Tampa have been ordered to New York, and Secretary Daniels announced that other American vessels would be ordered north as soon as room could be found for them at navy yards.

The battleship Florida has orders to watch the German liner *Vaterland* until it is determined whether her load of reservists or munitions of war, if any aboard, violate the neutrality laws.

President Wilson today directed all officers of the army and navy, whatever active or retired, to refrain from discussing publicly either the military or political situation in Europe.

A letter sent by the president to Secretaries Garrison and Daniels said: "It seems to me highly unsafe and improper that officers of the army and navy of the United States should make any public utterance to which any color of political or military criticism can be given where other nations are involved."

GERMAN WIRELESS STATION VIOLATES PRESIDENT'S ORDER

New York, Aug. 6.—Although President Wilson has issued an order prohibiting wireless in the United States from transmitting messages of an unusual nature, the Atlantic communication company's powerful station at Sayville, L. I., today sent several messages in code to German warships lying off the coast.

The manager of the company, a member of the naval reserves of Germany, said he had read in the newspapers that President Wilson had issued an order in regard to the transmission and receiving of messages, but that he had no official notification of any kind.

STEAMSHIP CONCERN WANTS BIG PRICES FOR VESSELS

Washington, Aug. 6.—General improvement in the conditions among Americans abroad was shown today in official dispatches to the state department. Urgent appeals for transportation, however, continued.

Ambassador Herrick reported the financial panic had been so far alleviated in Paris that he recommended that the gold on board the cruiser Tennessee be diverted to other cities in greater need.

E. H. Gary, chairman of the relief committee in Paris, stated that at least 20,000 Americans were in need of transportation and that with present accommodations it would take six months to move them.

From Vienna Ambassador Penfield telegraphed under date of August 3, that he was making every effort to get Americans out of Austria before yesterday at midnight, when all transportation was to be stopped for a period of some weeks.

Oscar Strauss and F. L. Kent, representatives of the Bankers' Trust company, both members of the relief committee in London, reported that their work was well organized and a complete list of all Americans in England will be issued tomorrow. Needs of transports capable of carrying at least twenty thousand people was urged since the lack of gold has made it impossible for many to obtain even food or say nothing of lodgings.

Secretary Garrison expressed his chagrin at the disposition of American steamship companies to charge what he considers exorbitant prices for vessels to transport Americans.

Mr. Garrison said preliminary inquiries brought confirmation that could be obtained for about \$600 a

HOW "TIZ" HELPS SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smeling feet tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your feet in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisons exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ach how comely your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

day. The price suddenly had been doubled.

"I do not intend to have anyone get suddenly rich out of this business," said Secretary Garrison.

"The steamship companies will find they cannot use this occasion to siphon money out of the United States treasury."

For that reason Mr. Garrison said it would be his purpose first to employ some of the twelve army transports at Galveston already being refitted for trans-Atlantic service. He has made inquiry and is hopeful that the government can seize ships and afterward arrange for a fair compensation for their use.

Withdrawal of some American warships from Mexican waters is not the result of any development in Mexico, but a desire to bring them into use in connection with the observance of neutrality. This was announced today by Secretary Daniels after reports were circulated that General Carranza, the constitutional chief, had asked the United States to withdraw its land and naval forces from Vera Cruz.

It has been decided to retain American forces at Vera Cruz until a stable administration has been set up in Mexico City which could be recognized, and Carranza has been so informed.

TENNESSEE READY TO SAIL TO RELIEVE AMERICANS

New York, Aug. 6.—The cruiser Tennessee with \$7,500,000 in gold, including \$2,500,000 appropriated by the government for the relief of Americans stranded in European ports, was ready to start on her voyage at 3 o'clock this morning from Tompkinsville, S. I., where she dropped anchor last night after leaving the New York navy yard.

None of the officers of the Tennessee knew her destination. It was their orders, they said, to take Acting Secretary of War Breckinridge, who has complete authority, to any place his orders from Washington direct him.

The Tennessee did not get underway at 9 a. m., and it was said that the departure would possibly be delayed until late today.

Under plans the destination of the gold-laden cruiser Tennessee when she sails from New York late today will be Plymouth, England. The British government has given permission for the ship to put in there. The gold specie will be promptly shipped to London and elsewhere.

The armored cruiser North Carolina will leave Boston tomorrow at 8 a. m. to aid the Tennessee in the distribution of gold in Europe. The North Carolina's destination has not been determined but she will take any gold shipped to her in time.

PACIFIC MAIL STEAMERS NOT SOLD TO GOVERNMENT

New York, Aug. 6.—Julius Krueger, chairman of the Southern Pacific company issued a statement today saying there was no truth in the report that negotiations were in process between the United States government and the Pacific Mail steamship company for the transfer of the steamships Manchuria, Mongolia, Korea, Siberia and China of the Pacific Mail fleet to trans-Atlantic service to be operated under government protection to take care of cotton and other exports to Europe and to bring back Americans now stranded there.

WAR

(Continued from Page One.)

but even with this help still the demands cannot be met.

Mr. Skinner added: "It is simply a matter of organization and I hope all Americans will soon be enlisted in a card index and looked after."

ASQUITH FORMALLY ASKS WAR CREDIT OF \$500,000,000

Premier Asquith today asked the House of Commons to vote a war credit of \$500,000,000, and informed the members that Field Marshal Earl Kitchener wanted power to increase the British army to 500,000 men. On the new war minister's behalf the premier asked the house of commons to consent to this.

GOEBEN AND BRESLAU NOT SUNK AS REPORTED

Rome, Aug. 6.—(Via London 13:37 p. m.)—The Tribune publishes a report today that the German cruisers Goeben and Breslau which were reported captured by the French have arrived at San Salvatore, near Messina, Sicily.

One of the German officers in an interview said that while the Breslau was shelling the French naval station at Bon, Algeria, sinking ships in the harbor and destroying the castle and some houses, the Goeben bombarded Philippeville, further along the coast. He added that the two cruisers were subsequently pursued by a British squadron.

SCORES OF LINERS WILL TAKE AMERICAN REGISTRY

New York, Aug. 6.—Fourteen steamers belonging to the International Mercantile Marine company probably will be placed under the American flag when Congress has passed the amendment to the Panama canal act repealing the six months' notice of change and the five years are limit of steamships law.

The transfer of these ships will add tonnage of more than 150,000 to the American merchant marine with a carrying capacity roughly estimated at 17,600. These are steamers that probably will be changed from the Belgian and British flags next week when the amendment becomes law.

Lapland, Red Star; Zealand, Red Star; Underland, Red Star; Arable, White Star; Cymric, White Star; Teutonic, White Star; Haverford, American; Heron, American; Dominion, Dominion; Canada, Dominion; Manitou, Atlantic Transport; Marquette, Atlantic Transport; Monomoy, Atlantic Transport; Melcombe, Atlantic Transport.

CARNEGIE ENDORSES ACTS OF BRITISH GOVERNMENT

New York, Aug. 6.—Andrew Car-

negie, one of the world's most distinguished peace advocates, approves of England's course in the present crisis. In a cable message from Scotland to the New York Evening Post he says:

"Germany having declined Britain's proposed peace conference, and then having asked Britain to agree to her march through Belgium, Britain was bound to decline and to declare that she would protect Belgium by land and sea."

CHINA PROCLAIMS HER COMPLETE NEUTRALITY

Peking, Aug. 6.—China today proclaimed her neutrality in connection with the European conflict. The work of fortifying the German possession of Tsing Tau continued today and the authorities there added to their accumulation of provisions.

Foreign enterprise in China is being parlayed, many Chinese have been affected already and are withdrawing their money from the banks controlled by financiers representing Russia, France, England, Germany and Japan, which hitherto had commanded every confidence.

European and American tourists are experiencing great difficulty owing to the closing of the trans-Siberian railroad and restriction of the steamship-service, for which some of them held tickets, while some of the banks refuse to recognize certain European letters of credit.

Fifty thousand combinations are possible with a new combination padlock.

Greatest of All Human Blessings

The most wonderful thing in the world is love expressed in the helpless infant. And among those aids and comforts for expectant mothers is the well known "Mother's Friend."

This is an external application to enable the abdominal muscles to become pliant, to expand naturally without undue pain from the strain upon cords and ligaments.

In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful endorsement. The daughters have grown up to be of its constant beneficiaries.

Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pains so much dreaded may be avoided and the period of expectancy passed through in entire comfort.

Anything that adds so much comfort must be counted as a blessing indeed.

In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to avoid taking breath, how to bathe and wash the body in Readfield, Regulus, and other Laundries. Atlanta, Ga. Box 2922 2922 2922 "Mother's Friend."

PRESIDENT'S WIFE

(Continued from Page One.)

they are either abroad or en route home.

The president left Mrs. Wilson's bedside only to sign important official papers. He did not see even members of the cabinet. The regular Thursday afternoon conference with the Washington correspondent was cancelled. The president was said by Dr. Grayson to be bearing well his great grief.

At 1 p. m. Mrs. Wilson was being sustained by oxygen and other artificial stimulants, but her condition was about the same.

Dr. Grayson said just after 2 p. m. that Mrs. Wilson had two sinking spells this morning but rallied under stimulation. She was conscious but growing weaker.

Sympathy for President Wilson and hope for the recovery of Mrs. Wilson was expressed in a resolution passed by the house immediately after it convened. The resolution was presented by Representative Kinckee of Nebraska and was passed in silence.

Throughout the day members of the diplomatic corps called in a steady procession at the White House to leave their cards and express their sympathy.

Mrs. Wilson's pet measure before congress, a bill for the reclamation of pest spots in the slums of Washington, was hurriedly reported out favorably today by the house District of Columbia committee. Every effort will be made to have it passed as soon as possible.

Last night while the president was sitting at Mrs. Wilson's bedside she recalled her interest in the slums and mentioned it would add much to her happiness if the pending bill could be passed. The president mentioned the matter to Secretary Tammitt and today action by the committee resulted.

BROTHER OF STRICKEN WOMAN HURRIES TO HER BEDSIDE

Portland, Ore., Aug. 6.—Dr. Stockton Axson, brother of Mrs. Woodrow Wilson, passed through Portland today on his way to Washington. Dr. Axson said he had not known of the serious nature of Mrs. Wilson's condition until he received a telegram last night from President Wilson. He is visiting instructor at the University of Oregon summer school at Eugene, Oregon.

LOCAL FLAGS PLACED AT HALF MAST AT ONCE

Flags all over the city, at the post office, postoffice and other places where they are habitually shown, were dropped to half mast immediately upon receipt of the news that Mrs. Wilson's brave fight had been ended at last.

Several local men, government officials and friends of the president, dispatched telegrams of condolence.

Anything that adds so much comfort must be counted as a blessing indeed.

In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to avoid taking breath, how to bathe and wash the body in Readfield, Regulus, and other Laundries. Atlanta, Ga. Box 2922 2922 2922 "Mother's Friend."

TODAY IN CONGRESS.

SENATE.

Petitions poured in for the passage of the bill to remove restrictions against ships seeking American register.

HOUSE.

Met at noon. The railway bill was debated.

A resolution of sympathy for President Wilson in his wife's illness was passed.

O. R. E.'S WILL INVADE LAS VEGAS SUNDAY

The O. R. E. nine will go to Las Vegas Sunday to clash with the Maroons of that city. The Maroons are well organized outfit, and the railroads will have to play to hold them in subjection.

Hartline will be on the mound for the O. R. E. and Chavez will catch. Larrazolo is scheduled to pitch for the Las Vegans.

THIEF CUTS FENCE AND TAKES HORSE; TWO DEPUTIES OUT

A horse thief cut a fence in the Huning pasture some time Sunday night and stole a horse belonging to Card & Adams. For some reason a report of the theft was not made to the sheriff's office until yesterday. Today Undersheriff Dick Lewis announced that a reward of \$25 had been offered for the capture of the thief and the recovery of the horse. Two deputies have been sent out on the case, one along the river and the other across the mountains.
